Ion Torrent™ Certified Service Provider

The Ion Torrent™ Certified Service Provider program is a global network of service providers that enables researchers in small- and medium-sized laboratories to get the highest-quality next-generation sequencing data from small amounts of input material with a very rapid turnaround.

We are proud to confirm that GeneTracer Biotech has successfully completed all qualification requirements and is officially recognized as providing high-quality Ion AmpliSeq Transcriptome sequencing services to its customers.

Andy Felton

Vice President, Ion Torrent™ Product Management
